Why?

The problem

How to find the partner for **teaching mobility**?

-calendar alignment
-course matching
-substitution
-grant management
-practicalities
-etc.

Co-funded by the Erasmus+ Programme of the European Union

Why?

No central platform providing database of offers,

teaching mobility is based on existing bilateral contacts or is organised somewhat ad-hoc → low quality

Teaching mobility is exclusive,

not easily accessible for junior academics.

Co-funded by the Erasmus+ Programme of the European Union

Why?

The idea

Create meeting place,
a platform for academics,
to be able to find or even offer mobility opportunities for academic staff
